SAN DIEGO COLLEGE OF CONTINUING EDUCATION

Students attend classes at San Diego College of Continuing Education (SDCCE) for many reasons: some are returning to education to complete high school diplomas or equivalencies after being away from school for years and SDCCE helps them succeed, and in many cases, transition to higher education. Thousands of adults are in hands-on environments learning a new trade or preparing to enter the workforce.

Faculty and staff at SDCCE create supportive learning environments for student success. Faculty experts come from around the globe, bringing with them real-world diversity, experience and top academic credentials including Masters and Doctorate degrees. SDCCE works closely with the community to build a successful future for adults in San Diego.

SAN DIEGO UNIFIED SCHOOL DISTRICT

The San Diego Adult School is the Adult Education High School Diploma Program that is available at five sites across our district.

The Adult School provides educational programs of excellence in a learner-centered, supportive environment which is responsive to the needs of young adult learners.

Individuals, who are 18 years of age who are no longer attending high school, may enroll to improve reading, writing, and math skills and/or to complete course requirements needed to obtain the Adult Education High School Diploma.

The success of the Adult School is evidenced each year as hundreds of students earn the Adult Education High School Diploma. Graduates successfully transition to various career pathway training programs, community college study, or the job market.

2025 Commencement Program
